Diploma

CAREER HIGHLIGHTS

Team Leadership: 10+ years of delegating and coaching cross-functional teams

Business Strategy: 5+ years of Agile/Scrum

Training: Built and delivered dozens of training programs for new, previous and current staff.

EXPERTISE

➤ HTML5, Nuxt, React

➤ TypeScript, JavaScript

➤ Tailwind, Sass, BEM

➤ Node, Laravel, PHP

MISSION STATEMENT

To continuously expand my skills and knowledge, applying them to create innovative solutions that enhance user experiences and contribute to the success of my team and organization.

AREAS OF EXPERTISE

✔ Figma	✔ HTML 5	✔ CSS 3	✔ Sass
✔ BEM	✔ Tailwind	✔ JavaScript	✔ TypeScript
✔ PHP	✔ Nuxt	✔ React	✔ Pinia
✔ Redux	✔ Vite	✔ Express	✔ Laravel
✔ SQL	✔ MongoDB	✔ GraphQL	✔ Postman
✔ Cypress	✔ Jest	✔ ESLint	✔ Scrum

PROFESSIONAL SUMMARY

Full Stack Web Developer with 5+ years of experience delivering scalable, mobile-first applications. Graduated from the University of Utah's Full Stack Coding Bootcamp and obtained additional certificates in Vue, Vite, Nuxt, PHP, and TypeScript. Led cross-functional teams through Agile/Scrum processes, achieving faster time-to-market. Developed and deployed 15+ applications, including enterprise platforms supporting 300+ daily users. Known for blending UI/UX design with technical proficiency to create seamless user experiences.

EXPERIENCE

Front-End Developer (Mid-Level), Balance of Nature | February 2021 - Present

I have been instrumental in enhancing the user experience of the company's digital platforms. My Key responsibilities include:

- **Creation of Eternal Tools:** Developed tools from scratch, one of which I was the sole developer on a strict timeline, now utilized by 300+ daily users.
- **Performance Optimization:** Implemented best practices to ensure fast loading times and smooth interactions, contributing to stakeholder and user satisfaction and engagement.
- **UI/UX Development:** Collaborated closely with design teams to translate wireframes and prototypes into responsive, user-friendly interfaces using technologies such as Nuxt, Sass, BEM, Tailwind, JavaScript and TypeScript.
- **Cross-Functional Collaboration:** Worked alongside back-end developers to integrate APIs and ensure seamless data flow, enhancing the overall functionality of the web applications.
- **Version Control and Deployment:** Utilized Git for version control and participated in the deployment process, ensuring that updates were smoothly transitioned to production environments.
- **Continuous Improvement:** Engaged in code reviews and maintained a commitment to writing clean, maintainable, DRY (Don't Repeat Yourself), and efficient code, adhering to industry standards and best practices.

In this role, I contribute to the development of key features that improve the user interface and overall user experience of Balance of Nature's digital platforms.

Freelance Development, Independent Contractor | January 2018 - February 2021

Developed custom applications for small businesses, enhancing their digital presence, operational efficiency. Managed end-to-end project lifecycles, from client consultation to deployment and maintenance.
